

COVID-19 SMALL BUSINESS GRANTS

COVID-19 SMALL BUSINESS GRANT PROGRAM GUIDELINES

The program is funded through a grant to the City of Abilene from the U.S. Department of Housing and Urban Development, Coronavirus Aid, Relief, Economic Security Act (CARES Act). In response to the economic hardships experienced by small businesses resulting from the COVID-19 pandemic, the Community Foundation of Abilene will administer funds to retain jobs and stabilize local businesses. Grant funds may be used for overhead expenses, rent, utilities, and necessary equipment to continue business operations, among others.

Businesses are not expected to pay back grants unless they fall out of compliance. The program will use CDBG-CV funds to provide grants to eligible businesses demonstrating a loss of gross revenue as a result of the COVID-19 pandemic. Businesses with fifty (50) employees or less, or microenterprise businesses with up to five (5) employees with a low- to moderate-income (LMI) owner could be eligible. Grant awards ranging from \$2,500 up to \$50,000 are available, dependent on business factors including annual revenue, number of employees, and revenue decline due to COVID-19.
